

CANADA'S LONGEST RUNNING ANGUS SALE

78th
EDITION

BLUE WATER
ANGUS SALE

Saturday
OCT. 18, 2025 • 1PM

• CARGILL AUCTION MARKET • CARGILL, ONTARIO

2024 BLUEWATER SALE *High Sellers*

Thank you to all of the bidders and buyers
who supported this sale in the past.
Thank you for your interest in 2025!

High Seller

Glen Islay Pride 31L

SOLD FOR \$18,000

Purchased by Bronyx Angus of Unity, SK

Second High Seller

Glen Islay Pride 45L SOLD
FOR 14,000

Purchased by Southgate Acres of Dundalk, ON

TERMS & CONDITIONS: Cattle will sell under the standard terms & conditions as recommended by the Canadian Angus Association. All cattle are to be paid for sale day unless prior arrangements have been made.

ANNOUNCEMENTS: All announcements made from the auction block take precedent over the printed material in the catalogue.

LIABILITIES: Although every precaution has been taken to protect the safety and comfort of the buyers, the sellers and sale staff assume no responsibility in this matter and disclaim any liability, legal or otherwise, in the event of an accident or loss of property.

LOADING OUT: No cattle load out until after the conclusion of the sale.

JUNIOR INCENTIVE: Bluewater Angus Club is committed to our Junior Members. As an incentive, any junior member purchasing a calf for their 2025 4-H project and shows them as a bred heifer and completes their 4-H achievement, will receive a \$500 refund, upon request to the board. The same will apply if the member purchases a bred heifer and they show the calf as their 2026 project and completes their 4-H achievement. Purchase must be transferred into the junior's name.

DELIVERY: Consignors will assist in organizing trucking.

Welcome to the Bluewater Angus Sale!

We are delighted to present the Bluewater Angus Sale, Canada's longest-running Angus sale, steeped in rich heritage and tradition. This prestigious event not only showcases the exceptional quality of Angus cattle but also reflects the dedication and hard work of our consignors, who tirelessly raise these outstanding animals.

The Bluewater Angus Club takes great pride in this offering, ensuring that all producers have the opportunity to market their cattle effectively. Our commitment to excellence is evident in our meticulously curated catalog, designed to present each lot in an appealing manner. We are also proud to have a team of professional and trustworthy sale staff, committed to facilitating a smooth and successful sale experience for everyone involved.

If you have any questions or need assistance, please do not hesitate to reach out to any member of the sale committee or our knowledgeable sale staff. We look forward to seeing you at this remarkable event as we celebrate the heritage of Angus cattle and the contributions of our dedicated community!"

■ We are excited to consign a lot to The Bluewater Angus Sale. Deep with Angus history we bring you BLACKCAP MAY 19M. Her mother was purchased out of the North Perth dispersal and has been a consistent producer year after year. HF Entertainer has been used here to bring some added thickness and improve foot quality. I expect 19M to be solid footed and tidy uddered. Maternal sisters have been sold to Tambri Farms of Paisley and Denstedt Farms of Listowel.

AI BRED TO LFE BEST ANSWER.
EXPOSED TO HF HI-RANGE 227L FROM MAY 6 TO JUNE 30, 2025.
Observed bred May 25, 2025.
Due to calve February 26.

■ Abigale 131M combines maternal strength and eye appeal in one balanced package. Her Cutting Edge dam—maternal sister to Eliminator—boasts a flawless udder and exceptional milk production. With balanced EPDs and a calm, easy-going disposition, she's the kind that fits any program. Her sire, Peak Dot Trust, stamps his daughters with depth, attractive profiles, and strong udder quality. Bred to Renovation to reinforce maternal excellence and add even more performance. Will be parent verified and genomic tested by sale day.

■ This attractive heifer is line bred to our most influential cow Pride 13X, who will calve again in January at 16 years old. Needless to say, Pride 13X has perfect feet, perfect udder, moderate frame, and very fertile. We have used 3 sons of 13X, and her 2025 bull calf is destined to breed our heifers next year. Glen Islay Pride 4F the mother of Chance 12H is one of the few daughters of 13X that we have sold, and was selected by Linden Cattle Co. in Alberta. Note that every female in this pedigree is a Glen Islay Pride. We strongly believe that line breeding enhances the predictability and prepotency of breeding stock. Tenderness score on Pride 1M is 9.

BRED TO GLEN ISLAY CHANCE 4M ON APRIL 25, 2025.

■ We highly recommend this good looking daughter of Summit 11E whose other daughters are big powerful cows. This heifer is another member of our Pride family that trace back to our original Pride cow purchased in 1971. She is line bred to Pride 1M who is also the mother of Pride 13X that we mentioned in our other bred heifer in this sale. The dam of this lot has been a tremendous producer for us as she has an outstanding daughter in Calvin and Matthew Wilson's herd, and her current bull calf is already sold for 5 figures. The full brother to Pride 16J, is Glen Islay Heads Up 10F, and has been such an excellent sire for Southgate Angus, that we have bred a few cows to him this year. Pride 31A has been in our E.T. program and has been described as "exactly what an Angus cow should look like". Tenderness score on Pride 3M is 7.

BRED TO GLEN ISLAY CHANCE 4M ON APRIL 20, 2025.

■ Sophie 404 is a sweetheart both on the eyes and with her personality. She is a long bodied, deep middled female with a very feminine and up headed front end. "Posie" as she is known around the barn is one that will be in the hunt on the shavings, already winning her class in an All-Breeds show in her only trip to town. Outside of the show ring she has all the makings of being a front pasture, herd foundation brood cow. Her cow family is known for consistently producing very maternal and functional cows with impeccable udders and docility. She stems from the family that started Stafford Angus back in 2015 with her Grand dam being the Matriarch PVF Sophie 403. Many of her family members are working all over Ontario, Quebec and Saskatchewan.

AI BRED TO S A V MAGNUM 1335 ON JUNE 19, 2025. due to calve end of March and is confirmed safe by vet. Ultrasound favors heifer Stafford Angus is holding the rights to 1 flush of Sophie at our cost and the buyers convenience.

■ If you're looking for a female that checks all the boxes—power, maternal strength, longevity, and style—Allegra 2M deserves your attention. Deep-ribbed and powerfully made, she combines structural integrity with a calm and easy-going disposition that makes her a dream to work with.

2M is the kind of female that's hard to part with, but we're confident she will prove herself in any program. If she follows in the footsteps of her dam and grandam, she'll be a long-lasting, productive cow for years to come. To top it off, she sells safe in calf to the exciting AI sire, Boyd Bedrock, adding even more upside to an already impressive pedigree.

It's been some time since we have sold a bred heifer, so having DJ help to pick one out with me was good. Melmac Grand June 36M comes from a Ribey family heifer we bought at the Bluewater sale 4 years ago. Femininity was a trait she passed on to 36M but I will say this yearling is definitely stouter. For an April heifer she has done well. SAC Conversation and SAV Bismark on the dams side with SAV President, Coleman Charlo, PVF Missie on the sires side. Gand June 36M was bred to our newest herd bull that we bought this spring in the Young Dale bull sale. A calving ease bull and nice pedigree.

BRED TO YOUNG DALE HOCUS N POCUS 90M ON APRIL 26, 2025.

PSH 58H is a standout female—feminine in her design and structurally sound, she exemplifies maternal excellence with a beautifully balanced udder and sound feet. Even more exciting is the early service she carries to WF ATB Top Tier 25L, a Colossal son we've proudly retained from our breeding program. Top Tier 25L exemplifies our genetic goals with an impeccable phenotype, excellent feet and disposition, and exceptional genomic profile—ranking in the top 4% for WW, YW, and CW, top 15% for FL and top 25% for Milk and REA. His first calves are already on the ground and exceeding expectations, with all daughters being retained. This is a rare and exclusive opportunity to access genetics from one of the most exciting young sires in our program. The combination of PSH 58H and Top Tier 25L is poised to deliver performance and quality in one powerful package.

PASTURE EXPOSED TO WF ATB TOP TIER 25L FROM APRIL 19 TO JULY 25, 2025.

Observed bred by WF 25L and confirmed safe for a Feb 22, 2026 calf.

■ A powerfully constructed daughter by Brooking Firebrand 6068, and out of a young Clair Lane Queen cow. This high performing big ribbed heifer calf has natural muscle dimension, and the thickness that we like to see in up and coming brood cows. These Queen females are so consistent in their maternal abilities. They milk, they get bred back, they raise one, and they wean one. Clair Lane Queen 2502 is a 5th generation Queen female to walk at Clair Lane. Every single one of the females in her extended pedigree have the udder quality, and longevity that we all need to move our program forward. Three of these five generational females have hung banners at the Royal. Get on board and be a part of one of the most renowned cow families in Canada.

sire
BROOKING FIREBRAND 6068

■ Allegra 200N is a standout heifer with the kind of structure and presence that sets her apart. After genomic testing, she ranks in the top 1% of the breed for both Claw and Angle EPDs, making her one of the strongest-footed females we've ever raised. That kind of foundation ensures longevity and soundness.

She's the kind of female that will mature into a big-bodied, productive cow with the look and build to make a lasting impact.

200N is out of one of our best and most treasured cows, and it shows. Quiet-natured and halter broke, she is a pleasure to work with—ideal for juniors or anyone who values temperament as much as quality.

PM BLOSSOM 124'13
S A V INTERNATIONAL 2020
GIBSON 7024 BEAUTY 115B

Beauty is a very long bodied female with lots of natural thickness. She is very correct with good feet and legs. She is sired by Ruggles Charisma who is a Confidence Plus son from ABS. He is big topped, big hipped and bold sprung and he has passed that on to this daughter. Beauty's dam is PM Executive Decision daughter I purchased from Wildina Farms. Executive Decision is considered by most to be the best son of Natural Law adding some extra muscle to those females. 183K has a nice tight udder and is long bodied like her daughter. Beauty 13N is halter broke. Sells open.

sire **RUGGLES CHARISMA 0643**

grand dam **PREMIER BEAUTY 725**

dam **WILLDINA ED BEAUTY 183K**

■ The Katinka genetics have been a foundation for us, representing the right balance of style and capacity. This heifer's heavily bull bred pedigree packs genetics collected through many local, well established herds. Her quiet disposition makes her a pleasure to work around. Whether it's for show or to ease into your herd, this one is the complete package.

■ Happy once again to offer what I consider our best heifer calf of 2025. Annie K 1N is stylish, stout and profiles real nice. The sire of all 3 entries this year is doing us well, Mich Wheatland Bull 1510J has a stacked pedigree on both sides, he himself a very thick muscular bull. Annie K 28H has Stevenson Turning Point on the sires side with Mainstream Annie K on the dam. This calf should not be missed sale day, lots of potential.

■ This line bred powerhouse is a good example of our goals for Glen Islay Angus. We like cattle with extra performance, strong feet and structure, and eye appeal, that produce a high yielding carcass with proven tenderness. The Lena cow family originated from our pick of the cow herd at the renowned Ronan herd in Alberta, several years ago, and they have established a strong presence in our herd. Tenderline 3K is now our resident herd sire in our herd on Manitoulin Island. Note that his dam Maggie 12G sold to Brian Frank at Hobson Montana for \$14500. Glen Islay Summit 11E sold to Z Bar Ranch in Saskatchewan, and has been a consistent sire for high performance, great feet and structure. We have been genomically testing and selecting for tenderness for 17 years, and with the price of beef these days, tenderness is increasingly important. On a scale of 1 to 10, only about 1% of angus cattle make 10. This Lena 1N heifer is a 10. Sells open.

dam

GLEN ISLAY LENA 2H

■ This beautiful Marvel daughter is one of our favourites this year and we are happy to offer her to you, in support of the growing Bluewater Angus Club. Her pedigree is deep with power, performance, quality udders and solid feet & legs. She is no exception to those traits. She is docile and ready to join your herd to make a strong impact.

DUE TO CALVE APRIL 9, 2026

CONSIGNED BY BRIDGEHAVEN ANGUS

Opportunity in the Beef Business

Now is the time to capture value from those older Angus cows and replace them with young females that have their full productive life ahead of them. We're offering two commercial heifers—true herd builders. These heifers are moderate-framed, easy-fleshing, and stand on excellent feet and legs. Their dams remain productive in our herd today, proving the longevity and quality behind them.

Our cattle are never pampered. They must breed, calve unassisted, milk well, and rebreed within 12 months—or they leave the herd. That standard keeps only the best genetics moving forward.

Carcass value and performance are a major focus in our program. Heifers 34 & 35 have at least five generations of carcass quality bred into them. Both are due to calve within a week of their second birthday.

THEY ARE CONFIRMED SAFE, BY HEARTLAND VET SERVICES, TO A SON OF CONNEALY CRAFTSMAN FOR AN EXPECTED APRIL 9 CALVING DATE. Look up Connealy Craftsman—you'll see his rock-solid EPDs and industry impact. We believe this mating will produce calves with the kind of balance and performance today's cattle business demands
